

Possible arrangements

In the daytime now! no.14 has a quite solid form of design: classical, timeless, high-gloss – yet still quite sedate. Partly glass, partly lacquered, partly wood. Modest tones, perfect workmanship. Straightforward and yet playful: in now! no.14 you get the full range – with atmospheric lighting effects and brilliant HiFi sound. Sometimes quiet, sometimes loud, sometimes monochrome, sometimes coloured. And it changes with you to suit your mood and situation. A perfect match? Then just think about what little works of art you would like to exhibit under the glass bonnets with their bright alternating colours in now! no.14.

Planning notes

Lists of versions

Carcase versions

White lacquer
Brown-black lacquer

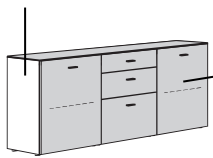

Glass bonnets of stained glass.
Rear wall of glass bonnets in carcase versions.

Front versions

High-gloss white
High-gloss brown-black
Light brown ash
Core walnut

(Wall-) assembly units, lowboards, sideboards, assembly units

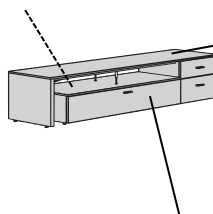

Carcase in carcase versions (white lacquer or brown-black lacquer)

Front in front versions (high-gloss white, high-gloss brown-black, light brown ash or core walnut)

Lowboard with media bridge

Carcase in carcase versions (white lacquer or brown-black lacquer)

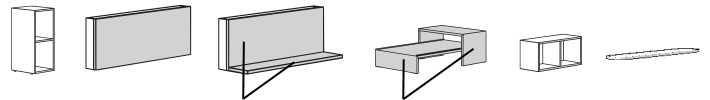

Cover shelf of media bridge of rear-lacquered glass, white (or brown-black), side-panel in white lacquer (or brown-black lacquer), in light brown ash or core walnut. Please state the required version clearly in the order!

Front in front versions (high-gloss white, high-gloss brown-black, light brown ash or core walnut)

Open units, sound panel, angled sound panel shelf, coffee table, open wall units, wall shelves

Open units, sound panel, angled sound panel shelf, coffee table, open wall units and wall shelves in the versions white lacquer, brown-black lacquer, light brown ash or core walnut

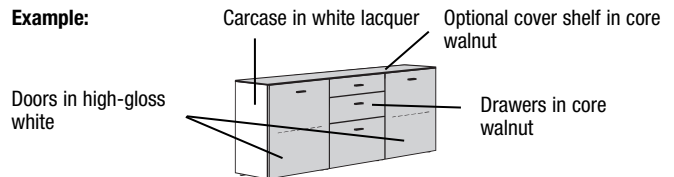

Shelf and panel of the angled sound panel shelf as well as coffee table and coffee table bridge in different versions possible

Changing versions:

In now! no.14 colour combinations within individual units are possible. In this case please state the versions clearly and separately in the order! **Please state all the versions clearly in the order!**

Example:

Planning assembly units / sideboards / highboards

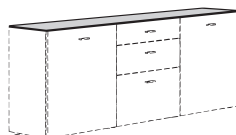

Planning step 1

Choice of type

Please note:
Please state all the versions clearly in the order (see here the information above).

Planning step 2

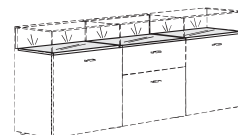

Choice of optional cover shelf

in the required version (can only be fitted on top of assembly units and sideboards without a glass bonnet)

Please note:
If assembly units are planned adjacently it is possible to include a full-length cover shelf.

Planning step 3

Choice of optional accessories

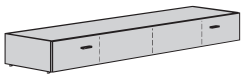

(can only be fitted in assembly units, sideboards and highboards with a glass bonnet) such as:

- Glass shelf with LED lamp
- Glass shelf with RGB-LED lamp

Planning notes

Planning a lowboard

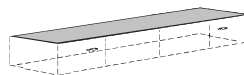

Planning step 1

Choice of the type

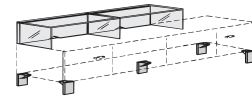

Please note:
Please state all the versions clearly in the order.

Planning step 2

Choice of optional cover shelf in the required version

Planning step 3

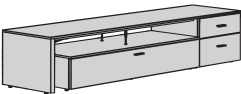

Choice of optional accessories such as:

- Glass bonnet
- Legs (set of 5)

Planning a lowboard with media bridge

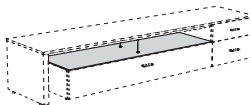

Planning step 1

Choice of the type

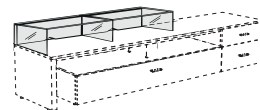

Please note:
Please state all the versions (carcase, front and media bridge) clearly in the order.

Planning step 2

Choice of optional cover shelf in the required version

Planning step 3

Choice of optional accessories such as:

- Glass bonnet

Planning wall units

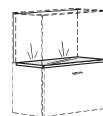

Planning step 1

Choice of the type

Please note:
Please state all the versions clearly in the order
(see here the information on the previous page).

Planning step 2

Choice of optional accessories such as:

- Glass shelf with LED lamp
- Glass shelf with RGB-LED lamp

Important notes: Generally speaking, you as a dealer/qualified fitter are responsible for the correct wall mounting of the units. That is why wall mounting should only be carried out by properly trained and qualified fitters. hülsta supplies materials for mounting units on walls for nearly all the units and which should be used for safety and for constructional reasons. The assembly materials supplied by hülsta (plugs, screws) are only suitable for fitting components on to concrete in firmness class (C12/15).
 For other materials (please see separate materials table in the wall composition chapter) we provide you with an assembly mortar set as an extra order. Please note that this assembly mortar set is also only suitable for the materials listed in the materials table. If walls are made up of other materials (e.g. plastered or lighter wall materials), one should use another method of mounting better suited to the load on site.
 Please note that if the units are not mounted properly on the wall, there is a risk of the units falling down or tipping over – especially when alternative mounting materials acquired on site have been used.
 For the reasons stated above it is absolutely essential to enquire about the composition of any walls before signing any contracts.

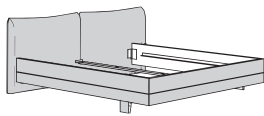

Type list

now! no.14
by hülsta

● ● ● made in germany

Planning a bed / bedroom / wardrobe

Planning step 1

Choice of bed

in the required version and size

Please note: The bed surround frame is split visually in the middle in lacquer versions (by V-shaped gap; see illustration), the bed surround frame is in one piece in wooden versions.

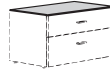

Planning step 2

Choice of the type

Please note: Please state all the versions clearly in the order.

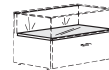

Planning step 3

Choice of optional cover shelf

in the required version (can only be fitted on top of assembly units without a glass bonnet)

Planning step 4

Choice of optional accessories

(can only be fitted in units with a glass bonnet)

- such as:
- Glass shelf with LED lamp
 - Glass shelf with RGB-LED lamp

Planning step 5

Choice of base frames and mattresses

You will find the base frames and mattresses in the separate **now!** sleeping systems chapter!

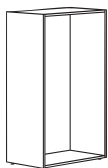

Planning step 6

Choice of wardrobes

You will find the wardrobes and the functional and high-quality wardrobe interior fittings in the separate **now!** flexx and **now!** slide chapters!

Free planning of units

Planning step 1

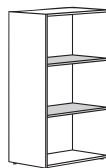

Choice of carcass
in the required version

Planning step 2

Choice of front(s)
in the required version

Planning step 3

Choice of fitted shelves
in the required version

Notes on free planning of units

- With open units please note that the drilled holes and separating slats are visible.
- Drawers and doors can be combined within the Raster sizes.
- It is not possible to fit a cover shelf or a lamp in a wooden carcass with doors with glass.
- A wooden door can not be fitted in front of a glass bonnet.
- No more fronts can be fitted above a door with glass.
- Doors with glass cannot be turned.
- Doors with glass cannot be fitted in the centre of a sideboard carcass (with glass bonnet) or a highboard carcass with glass bonnet.
- A glass shelf with LED lamps is only possible in combination with a glass bonnet.
- Fitted shelves must be fitted separately (at least 1 fitted shelf must be fitted in an 8 Raster carcass or the carcass must be completely fitted with drawers).

E

- **hülsta-SoftFlow:** All drawers with auto pull-in feature with brake as fully pull-out units
- **hülsta-MagicClose:** All wooden hinge-doors with hülsta-MagicClose (gentle closing)
- hülsta is one of very few manufacturers allowed to mark all its products with the environmentally friendly "Blue Angel" sign.
